(b) if so, the details thereof and reasons therefor; and

(c) whether it is also a fact that there is a lot of resentment among the Ph.D holders on this score and if so, the steps proposed to be taken in this regard?

The UGC considered the matter in its meeting held on 27.1.2000 and expressed concern about the standard of Ph.D. which vary from university-to-university and keeping Ph.D. as alternative qualification for NET leads towards recruitment of highly specialised persons in a narrow area and also inbreeding in the teaching posts. The Commission, therefore, decided that PH.D. holders may not be exempted from the NET and NET (or its equivalent examination accredited by the Commission) be made compulsory qualification for appointment as Lecturer, even for the candidates having Ph.D. degree.

(c):Representations have been received by the Commission expressing support as well as reservations in respect of the decision. The decision has been taken on merits and in the interest of maintaining uniform standards of education.
